Subject Request to trade for new car

COPIES TO:

I would appreciate your giving consideration to my request to trade unit 304 in on the purchase of a new medium-size car for use in the Right of Way Permit Dept.

Unit 304 is a 1969 Chevrolet that had been used previously by the Building Dept. It is a six-cylinder vehicle with over 40,000 miles registered on the speedometer. I have been told that this mileage is deceiving because the engine has many hours of idling time which has decreased its efficiency.

The tires are worn to a point where it is time to replace them. At the present time, the body and the interior still looks pretty good. Therefore, I would recommend that it be traded while it still has trade-in value.

I feel that the cost would exceed the trade-in value to put it in good enough condition to drive the miles that are required to perform the duties of the Right of Way Permit Engineering Dept.

Sincerely,

Jack R. Parr
Permit Engr.
